* REMARK: Dear students and leaders,

We regret to inform you that there were some errors made while typing the preliminary scores for The Physics Competition. Namely, two students had more than the maximum number of points on task #16. The mistake was corrected, but the organizing committee thought it was necessary to remark all the papers for the competition to be completely fair. Unfortunately, after carefully going through all the students' scores a few other mistakes were found which also had to be corrected.

We sincerely apologize for any inconvenience this caused and we we'll certainly do our best to avoid such situations in the future.

We hope to see you again next year.
Physics Competition Organizing Team"
